About Anglia Examinations

Why Choose Us?

The robust nature of our exams and our rigorous quality control procedure provide a credible means of testing English-language skills and capabilities. This, together with our close-knit international network will give you access to a community of learners in regions around the world.

We offer a unique 10-step approach to language learning, helping students to reach their full potential. Many of them use their qualifications to gain access to further education or employment.

Our Advantages

- Access to our community of Anglia graduates.
- Ofqual recognition for our top 4 levels (B1 to C2 on the CEFR) through our partnership with AIM Qualifications and Assessment Group.
- UCAS tariff points are awarded for our Mastery Level (Level 3 CEFR C2).
- Global recognition in more than 40 countries.
- Wide international official recognition by universities, governments and institutions – for a full list of recognising institutions please refer to [Recognition pages](#).

About Us

Anglia Examinations has been based in Chichester, England, since 1993. During that time, we have grown steadily by offering reputable English language exams to hundreds of thousands of candidates.

Anglia Examinations is a wholly-owned subsidiary of Chichester College Group, which comprises five Colleges, Anglia Examinations, First Steps Childcare Group and Chichester English School. With 2,000 staff it makes us the largest college group in Sussex, providing high-quality learning opportunities for over 25,000 students every year.

Welcome to Anglia Examinations

Words from the Chief Examiner, Alice Osman

Welcome to Anglia Examinations HQ.

As Chief Examiner for Anglia Examinations, I am proud to see that an increasing number of candidates around the world are recognising the value of taking our exams. For many, the exams have become part of their school's curriculum, with each level motivating students to continue their language-learning journey to the next achievable step.

Our full range of English language exams cover all four skills, and is suitable for students of any age, from young learner to adult. Success at each step provides recognition of their achievement and maps their progress. At Anglia Examinations we also work hard to support our candidates who are looking to go to university or enhance their employment prospects by taking one of our accredited levels.

Anglia teachers worldwide are enthusiastic about preparing their students for the exams as they appreciate the 'step by step' approach to learning English as well as the flexibility that our exam timetable offers, and the support network available.

Anglia offers a range of products other than our main 10-step suite of English language exams, including online Business English exams and C.I.T.E exams (Certificate for International Teachers of English) at a range of levels. These products can help candidates focus their language in a specialist area i.e. the business environment or classroom language and language teaching.

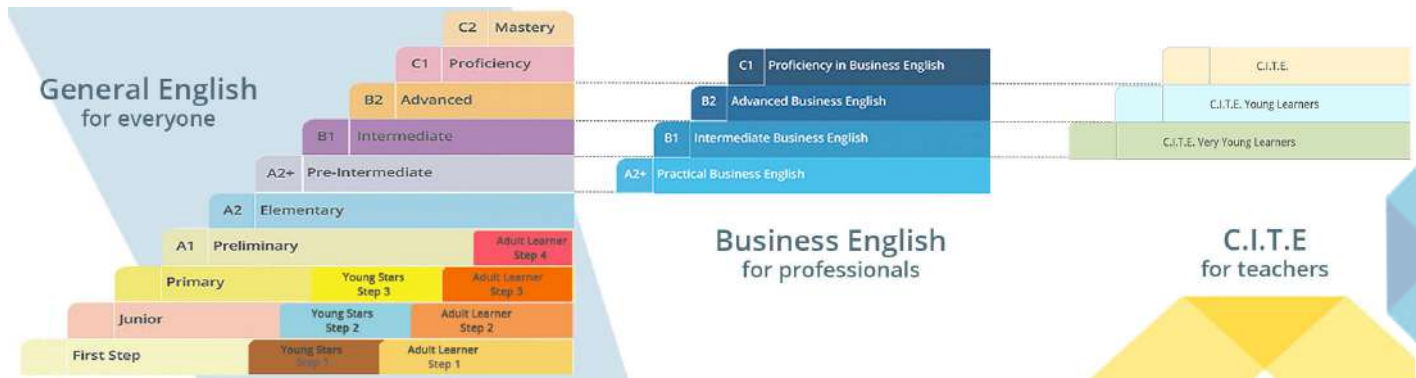

Thank you for taking the time to look at our corporate brochure and we hope to welcome you as a member of the Anglia Family.

Discover Our Qualifications

Includes 10 levels in a unique 'step by step' approach. For Adult and Young Learners we have an incremental system that allows candidates:

- to develop confidence to progress through the levels from First Step to Mastery (C2).
- an opportunity for life-long learning.
- to be tested in all four skills of reading, writing, listening and speaking.

Marking, test development and production are managed in the UK headquarters in Chichester, under the umbrella of Chichester College Group. Marking is done by Anglia UK trained markers.

From Preliminary upwards our exams are aligned to the CEFR.

The four steps of the Business exams are aligned to the CEFR from A2+ to C1. These exams allow:

- candidate to emphasise application in realistic situations.
- enhance career prospects and employability.
- employers to prepare their workforce to operate in a global business.

Our C.I.T.E exams are intended for use by candidates whose English level may range from A2 to C1 on the CEFR. These exams help:

- teachers to attain the English required to teach in an English language classroom.
- teachers gain competence in the relevant English language skills needed for teaching.
- teachers of other subjects to transfer their subject specialism teaching skills to practical, classroom-language skills.

Words from a teacher from Buenos Aires:

“Preparing for and taking C.I.T.E. helped me and my teaching. The relevant and updated course content helped me improve the skills needed for teaching English, reflect on classroom teaching, and, above all, it was taken as a personal and professional development. Therefore, I highly recommend it to candidates who are beginning their career and also to experienced teachers.”

Endorsements

Why teachers like preparing students for an Anglia exam.

-GABRIELA RACCA

“ I like preparing students for an Anglia exam because they have a user-friendly approach for both primary and secondary school students. Moreover, most of the tasks included are the ones found in any ELT coursebook, which means teachers don't need to go the extra mile to find useful activities. Also, the interlocutors/assessors carry out the interviews in such a way that students become so engaged in the conversation that they forget they are sitting an exam. The speaking component is definitely the cherry on the cake. ”

- LUCRECIA TOMBETTA

“ I like preparing students for Anglia exams because I feel part of an extraordinary international network that works really hard to empower students as well as teachers. Internationally recognised certificates, regular paper-based and online exams, continuous teacher training, cultural exchanges, study trips, and invaluable webinars make Anglia the best choice to offer our students at INSTITUTO BABEL, Corral de Bustos, Córdoba, Argentina. ”

-NATALIA KUNZ

“ I like preparing students for Anglia exams because, first of all, Anglia's step-by-step approach provides a user-friendly range of exams for all ages and levels. Besides, as there is no required material to prepare my students for an Anglia exam, I have the freedom to use the course books I like and feel more comfortable with. ”
